– Answers to last month's quiz are attached in a separate file sent with the Minutes (or copied below the Minutes in the email version).

**NEW ~~Q112~~ – October 2010**

1. On hole 5, your ball is on the decline in front of the creek and green. You flub the shot and it rolls slowly toward the creek. Rather than lose the ball, you stop it with your club. Your fellow competitor said that you should be penalized because you stopped a ball in motion. You said that you knew you were going to lose the ball and would count the penalty for going into the water, so no harm done. Right?

2. Your fellow competitor was gauging his putt when he noticed an old cup hole in his line. The greenskeeper hadn't pushed the plug down into the hole, and the plug would pop his ball off line. He took relief at the nearest spot he could but still on the green. Was that the right move?

3. Zack Johnson was playing at the 2008 Valero Open, and on the 11<sup>th</sup> hole, as he was getting set to putt, he noticed flecks of paint were scattered near the hole. He was permitted to brush the flecks from the green, but as he got to the last one, he discovered that it was stuck to the grass. He called over a rules official to ask if he or the rules official could do anything. What do you say?
